Certificate of RoHS 2 Conformance

EU Directive 2011/65/EU (RoHS 2) as pertains to the restriction of the use of certain hazardous substances in electrical and electronic equipment entered into force on July 21, 2011. RoHS 2 restricts the same six substances as RoHS 1; lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls, and polybrominated diphenyl ether in manufacturing of certain electrical and electronic equipment sold in the European Union. RoHS 2 introduces new CE marking and declaration of conformity requirements. After January 2013; electronic products bearing the CE Mark must meet the requirements of this new directive.

All supplies and materials comprising all shipments by Kord King have been subject to and have passed all vendor initiated examinations and tests that are required to satisfy each customer's purchase order RoHS compliant. All processes employed to produce Kord King Products are RoHS compliant. All products conform to the qualities, identities, and conditions specified in each purchase order and are shipped in accordance with authorized shipping instructions. Kord King Products are built to the UL and CSA standards found in our UL File # E76388, E137760 and/or CSA File# LR49017.
